BECAUSE EVERY CHOICE MATTERS.

Your child deserves the best education possible. At Pope John Paul II (PJPII) they get even more.

Our goal is simple. We support a community of learning that encourages high standards and emphasizes strong values. We believe that education is about more than academic development, it's about life success, making the right choices today and in the years to come.

The only Catholic school in the Sandhills, PJPII school provides a rich and challenging curriculum for students in kindergarten through grade 6. In addition, we offer a full-day Pre-K program for three-year-old and four-year-old students.

Our school is an extended community rooted in the Gospel of Jesus Christ and the traditions of the Catholic Church. We strive to nurture students' God-given gifts, cultivate a life-long thirst for knowledge, and prepare young people to embrace their world through lives of faith, service and leadership. By nurturing Christian values along with excellence in education PJPII fosters character and leadership development and inspires good citizenship.

Students who attend our school receive instruction in accordance with N.C. Standards of Curriculum. Core subjects include:

Math	Weekly Mass
Science	Spanish
Language arts	Art
Social studies	Physical Education
Religion	Music

After school, students may participate in an extended day program that is available until 6 p.m. daily. Other after-school activities include a drama club, hockey, and The Crusaders Club (a community service organization).

When you visit PJPII, you step into a warm, nurturing environment where students are safe and happy. PJPII students thrive under the tutelage of our highly qualified and caring staff. Our scores on national standardized tests are typically two grades above average, and young people from our school are routinely recognized through local and regional awards for academic and artistic excellence. We support low student/teacher ratios and offer an affordable tuition fee schedule.

When you choose Pope John Paul, you make a difference. not only today . . . but for all of their tomorrows. But don't just take our word for it. Come see for yourself. Make plans now to visit our school and learn about the advantages at PJPII. For more information, please call Rick Kruska at (910) 692-6241.
